*Systems Engineering student with 3 years of academic experience in C# and SQL, alongside professional experience developing AI and automation solutions. Seeking to join a team as a Junior or Trainee Developer in Backend or Data.*

## WORK EXPERIENCE

**DBA** **Argentina**  
PSS | Beyond Cybersecurity *July 2026 – Present*

- Database administration and maintenance across various database engines, ensuring environment availability, stability, and proper operation.
- Database monitoring and analysis, performing maintenance tasks, performance tuning, and resolving operational and performance-related incidents.
- Technical support and collaboration with development and cross-functional teams, participating in troubleshooting, executing operational tasks, and documenting database administration procedures.

**Chatbot Developer** **Argentina**  
Runamatic *August 2025 – July 2026*

- Development and implementation of custom chatbots and AI-powered assistants for clients across various industries.
- Integration of messaging channels and external systems via APIs.
- Business process automation through the design of custom conversational flows tailored to each client.

**IT Support Intern** **Buenos Aires, Argentina**  
Florentino Ameghino *March 2021 – December 2022*

- Assembly, configuration, and maintenance of computer systems, including component cleaning and hardware replacement.
- Troubleshooting technical issues related to end-user operating systems, providing both on-site and remote user support.

## EDUCATION

**Universidad Abierta Interamericana** **Buenos Aires, Argentina**  
Bachelor's Degree in Systems Engineering *2023 – Present*

**Escuela Secundaria Técnica Florentino Ameghino** **Buenos Aires, Argentina**  
Technical High School Diploma in Computer Science *2016 - 2022*

## TECHNICAL SKILLS

- **Languages:** Python • C#
- **Frameworks & Libraries:** .NET / .NET Core • ADO.NET • Pandas
- **Databases:** SQL Server • MySQL / MariaDB
- **Tools & Technologies:** Power BI • Excel • Git
- **Core Concepts & Methodologies:** OOP (Object-Oriented Programming) • SOLID Principles • Layered Architecture • Design Patterns • UML

## CERTIFICATIONS

---

- AWS Academy Cloud Foundations - **AWS Academy**
- Building Professional Web APIs with .NET 10+ - **Udemy**
- SQL Essential Training - **LinkedIn Learning**
- Full Stack Web Development - **CoderHouse**

## LANGUAGES

---

- **Spanish** - Native
- **English** - Intermediate (B2)
